**Low-income** students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

**IEP** Students are those students eligible to receive special education services.

**Limited-English-proficient** students are those students eligible for transitional bilingual programs.

**Mobility rate** is based on the number of times students enroll in or leave a school during the school year.

**Chronic truants** are students who are absent from school without valid cause for 18 or more of the last 180 school days.

**Total Enrollment** is based on Home School.

\*\* Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

**Equalized assessed valuation** includes all computed property values upon which a district's local tax rate is calculated.

**Total school tax rate** is a district's total tax rate as it appears on local property tax bills.

**Instructional expenditure per pupil** includes the direct costs of teaching pupils or the interaction between teachers and pupils.

**Operating expenditure per pupil** includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

## ACADEMIC PERFORMANCE

### OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

**OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE**

**ISAT PERFORMANCE**

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

**PERFORMANCE ON STATE ASSESSMENTS**

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

### ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

### Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 85% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 85% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. \*\*\*
3. At least 91% attendance rate for non-high schools and at least 82% graduation rate for high schools.

\* Includes only students enrolled as of 05/01/2010.

\*\* Safe Harbor Targets of 85% or above are not printed.

\*\*\* Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

**PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT**

This is the final section of the school report card in which your school and district provide information below on areas of success and areas for planned improvement based on your school's improvement plan.

**Target Areas:**

Based on our state, local and building assessment results from the 2010-11 school year, the principal, School Leadership Team and the teaching staff of Winston Churchill Elementary School have targeted these areas for improvement for the 2011-12 school year:

**Literacy and Math****Goals:**

To improve in the areas listed above, we have set these goals:

- **95%** of all third- through sixth-grade students will meet or exceed standards as measured by the reading portion of the 2012 Illinois Standards Achievement Test (ISAT).
- **95%** of all third- through sixth-grade students will meet or exceed standards as measured by the math portion of the 2012 Illinois Standards Achievement Test (ISAT).

**Strategies:**

Through collaboration and teamwork the staff at Winston Churchill Elementary School has developed these action steps to be implemented during the 2011-12 school year:

- Continue to work in Professional Learning Communities (PLCs) and through the School Leadership Team (SLT) to refine instructional strategies and analyze data to improve instructional practices.
- Use the Illinois Snapshot of Early Literacy (ISEL) assessment, the Measures of Academic Progress (MAP) assessment, Running Records and common grade-level assessments to measure students' reading, writing and math progress.
- Continue to support instructional initiatives and differentiation in kindergarten through sixth grade.
- Develop intervention plans for kindergarten through sixth-grade students to target skills that need to be differentiated and taught in small group settings.
- Continue to improve literacy instructional practices through the use of the core literacy program that provides guided reading, shared reading, self-selected reading, word study and writing instruction.
- Provide extension and enrichment opportunities for students in the areas of reading, writing and math within the school day.
- Provide staff development opportunities focusing on methods and strategies to increase instructional effectiveness and differentiation, especially in the areas of reading and writing.
- Provide teams with curriculum planning days to analyze data and to develop strategies and plans for students needing enrichment and or remediation.
- Provide staff development and team time for collaboration and co-teaching planning with special education, bilingual and general education teachers.
- Utilize the Professional Learning Community process to implement the curriculum and administer and utilize the results of common assessments with fidelity and integrity.
- Increase the use of technology and assistive technology to enable teachers to differentiate instruction for all learners.
- Fully implement PBIS (Positive Behavioral Interventions & Supports), including a school-wide positive behavior matrix, positive reward system and recognition. Utilize a positive behavior intervention system that fosters an environment that teaches and reinforces responsible, respectful and safe behavior.
- Offer educational opportunities for parents to further enhance home support for student learning.

Our School Leadership Team will facilitate our school improvement efforts. We will continue our practice of reviewing assessment results and other forms of relevant data to identify subgroups in need of improvement and to strategically plan for their success.

If you have any questions or about any of the information contained on this page of your School Report Card, please contact the principal or members of the School Leadership Team.
