Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

IEP Students are those students eligible to receive special education services.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

Total Enrollment is based on Home School.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 85% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 85% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. At least 91% attendance rate for non-high schools and at least 82% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2010.

** Safe Harbor Targets of 85% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

PLANNED IMPROVEMENT FOR THE SCHOOL AND DISTRICT

This is the final section of the school report card in which your school and district provide information below on areas of success and areas for planned improvement based on your school's improvement plan.

The Lincoln Prairie learning community accepts responsibility for student growth and provides opportunities for students to take charge of their own learning. We believe that differentiating instruction by accessing the multiple intelligences is the foundation of individual learning in a multiage setting.

Based on our local assessment results from the 2010-2011 school year, the principal and staff of Lincoln Prairie believe that literacy continues to be the foundation of learning for all curricular areas. Balanced literacy within all grade levels is an important component to our instruction. We believe this consists of phonemic awareness, fluency, phonics, comprehension and vocabulary development. These components are integrated and applied throughout the curriculum.

Lincoln Prairie School will achieve the following by June 2012:

At Lincoln Prairie, 90 percent of third-graders, 90 percent of fourth-graders, 90 percent of fifth-graders, 90 percent of sixth-graders, 90 percent of seventh-graders and 90 percent of eighth-graders will meet or exceed state standards in reading, as measured by their performance on the state's reading rubric and by their performance on the Illinois Standards Achievement Test (ISAT). Students will decode reading passages; comprehend reading materials using a variety of strategies; and communicate about what they read orally and in writing. Responses on the Extended Response Reading Prompts will improve as a result of our efforts.

Objectives

By working toward the following specific objectives, we will be able to measure how well we have met our goals:

1. Integrate reading and writing skills throughout all the curricular areas to help students make connections and focus our instruction;
2. Build problem-solving and reasoning skills at all grades through focused instructional activities, such as exemplars;
3. Analyze our Illinois Snapshot of Early Literacy (ISEL), ISAT, Measures of Academic Progress (MAP) and common assessments to target our instructional emphasis;
4. Continue Project Development Time with an emphasis on multiple intelligences and learning styles, and add assessment rubrics to the course structure of Project Development Time;
5. Provide further staff development in the areas of balanced literacy and numeracy instruction;
6. Hold parent education evenings to teach parents strategies to help their children with their schoolwork; and
7. Communicate our progress to the public through our weekly PTSA newsletters, at PTSA meetings, at parent-student-teacher conferences, at our Whole School Meetings and at our annual Portfolio Exhibition.

Our School Leadership Team continues to lead our school improvement efforts. We will continue our practice of reviewing assessment results and other forms of relevant data in order to identify areas for additional efforts in future years. Continuing to ensure the success of our students will be paramount to our school community. If you have any questions or suggestions about any of the information contained on this page of your School Report Card, please contact the principal at Lincoln Prairie School.
